COMMUNICATIONS

**The proceeds from this Diamond Gala
will go towards a new Infusion Room
at Community Hospital, Onaga.**

***\$25 ADMISSION & AUCTION CHECK/CASH ONLY**

An Infusion Room is a place where out-patients come to receive prescribed drugs by IV. A wide variety of patient care needs can be met through infusion, from antibiotics to chemotherapy. Current utilization commonly results in two or three patients at a time. Infusions can take 30 minutes or up to 6 hours. Currently, infusion patients are accommodated in the Emergency Room; CHCS would like to offer their infusion patients more comfort and privacy.

The new Infusion Room will offer up to 4 recliners with window views, TV and WIFI, all close to the nurses' station, public restrooms and a public entrance with nearby parking.

The Diamond Anniversary Gala celebrates 60 years of caregiving by Community HealthCare System working to enrich the health and lives of the people we serve.

*We encourage you to look forward,
& we sincerely thank you for giving back to your local healthcare
system which serves you and your community.*

**For more information please contact the
Caring Community Foundation:**
