

Pizza Night for USD 322 a Growing Success!

The Caring Community Foundation held its annual Pizza Night as a benefit for funds supporting USD 322 at the Onaga High School basketball games on January 28th. Thanks to Blue Valley Tele-communications and Wamego Pizza Hut, 90 pizzas were donated that night. 100% of donations went to the school fund of the donor's choice. The Caring Community Foundation has six funds that exclusively benefit USD 322 for a wide variety of purposes. Donors could choose to have their money assist with academics, the arts, athletics, FFA or a number of scholarships. Community members, alumni and game fans (Onaga and Frankfort) donated over \$5500 for the USD 322 funds! This is about \$500 more than last year.

As an added bit of fun and support, some have chosen to be Super Donors, those choosing to donate \$100 per pizza could choose a student group as the recipient of a pizza. "The pizza, participation, and support were phenomenal," said Susie Kufahl, director of the Caring Community Foundation, "We are very appreciative of the contributions of Blue Valley Telecommunications and the Wamego Pizza Hut. Varsity Pizza wasn't operational yet when we planned the event but they will be providing the 47 pizzas for students from the Super Donors." The Caring Community Foundation thanks all sponsors and donors for this year's event.

The Caring Community Foundation is a 501(c)(3) local public charity serving communities of NE Kansas.
