Thanks for joining us in Westmoreland tonight,
To Celebrate our Communities in a way that’s just right.

The Caring Community Foundation should be highly commended
For the funds that you’ve raised and the giving recommended.

The benefits of this foundation are legion,
Enhancing vibrant communities in the northeast region.

CCF is about connecting, growing, and giving –
Supporting local projects that improve rural living.

You’re connecting with each other and growing those resources,
Giving back to the projects which good value reinforces.

The foundation’s benefits will multiply and vary,
From the Expedition Campaign to Dolly Parton’s Imagination Library.

CCF has worthy goals, I’m pleased to report,
And I encourage everyone to donate and support.

I appreciate you creating these opportunities
To come together and Celebrate our Communities.

So I want to express a great deal of acclamation
To all of you as part of the Caring Community Foundation.
